P Pro-longevity A Anti-longevity M Both directions L Other lifespan evidence

O Source member, no linked lifespan record C Catalogue record without lifespan effect

? No member recovered; not evidence of biological absence. +n Additional model genes in the cell.

Group 3459473 has a cross-source conflict (Coq2/HSP104). Counts are NOT validated longevity orthogroups.

Shown: 12 of 181 recurrent groups, ranked by species count, then fewer matched genes.
